1. FOIA/LIAISON In response to her call, I advised Ms. Rosanne Marini, in the office of Representative Martin A. Russo (D., Ill.), that , a freelance writer, should write directly to Chief/Information and Privacy Staff, for information she is seeking on an OSS mission that took place in Northern Italy during the period 1944-1953 (?), known as the "Chrysler Mission." In response to a specific question as to whether the material was immediately available, I answered that it would depend on whether such material had previously been surfaced on request or whether it required an entirely new search of old material. After checking with IPS, I confirmed to Ms. Marini that no previous search for this material had been done, although a requester had been advised that total search and copying fees involved would amount to about \$1,800.00 for material on this same subject.
